BENEFITS

Seamless Panel door

Customise your Vintec wine cabinet to showcase your treasured collection and seamlessly blend with your kitchen design. Maintain a cohesive and stylish look while ensuring your wine is stored under optimal conditions. * Please note: panels do not come with the Vintec cabinet - refer to the installation manual for appropriate clearances.

5 year Warranty on Compressor

This Vintec cabinet comes with a 5-year warranty on its compressor. We recommend registering your product with us, so that we can help you more quickly and efficiently.

Quiet Inverter Compressor

Our variable speed Inverter Compressor is our quietest Vintec yet and with a 25% improvement in energy consumption. It slowly and gently cools with greater temperature control. Cushioned with in-built absorbers, vibrations are minimised, so that your wines are stored in a calm, protected environment where they can mature steadily.

Fully-Extendable 3-Tier Telescopic Rails

Our fully extendable, smooth-gliding telescopic shelves made from Beechwood, offer complete visibility and easy access to every bottle in your collection. Designed with vibration-absorbing rails, these shelves minimise movement, ensuring your wines are stored safely.

Sleek Intuitive Touch Controls

Configure your wine cabinet temperature and lighting with ease with the intuitive touch controls. Set temperatures based on cellaring or serving your wines to achieve their optimal taste.

Diffused and Dimmable LED Lighting

Our energy-efficient UV-free LED lighting ensures perfect visibility for all your wines. With three dimmable settings Cold, Neutral, Warm it provides a smooth, uniform illumination that enhances the appearance of your collection.

Dual Zone for serving reds and whites, or cellaring and serving

Our Dual-Zone wine cabinets are perfect for maintaining red, white, and sparkling wines at their ideal drinking temperatures. Set one zone to 6-12°C for sparkling or white wines, and the other to 15-18°C for reds. Alternatively, keep one or both zones at a steady 12°C for maturing wines steadily.
