BENEFITS

Designed to fit a 90cm space with a huge 605L capacity
Designed to fit neatly into an Australian 90cm kitchen cavity.
Clever engineering allows it to be installed with minimum gaps on the sides meaning maximum storage for all your fresh produce.

Automatic icemaker means you will always have ice available
There is nothing more refreshing than an icy cold drink on a hot day. With the automatic icemaker you will always have ice available whenever you need it, all stored in a handy extra large drawer.

Healthy continuous fresh water

The Westinghouse French Door Fridge with ice and water helps keep your family healthy and hydrated. With easy access to filtered water from the slimline in-door water dispenser, no one will need to go thirsty again.

Dual FlexFresh™ easy glide crispers

Designed with your comfort in mind, the dual sealed easy glide crisper bins with humidity control open effortlessly and provide easy access even when they're full.

Adjustable storage solutions with FlexStor™

As your family changes and grows, so do the requirements of your fridge. With FlexStor™ you enjoy the convenience of being able to easily change the configuration, whatever your needs. Adjust the height and position of the door bins to fit in large and smaller items and arrange your fridge your way.

FlexSpace™, it's size redefined

With a busy lifestyle and a growing family, you can always do with more space in your fridge. That's why Westinghouse created FlexSpace™, which is designed to maximise storage, flexibility and access to meet your ever-changing needs. Big enough to handle even the biggest grocery shop, you'll be able to fit in all your food and drinks with ease.

Fingerprint resistant stainless steel

Little hands or sticky fingers won't be a problem with easy-clean fingerprint resistant stainless steel.

Spillsafe™ glass shelves

From time to time, accidents happen. And when they do, you want to minimise the extent of the damage. Spillsafe™ shelves can capture up to one litre of liquid, so you can contain the spillage to just one shelf instead of the whole fridge.

Easy glide drawers and specialised compartments

Easy glide freezer bins and fridge crispers give easy access without the effort – even when they're full. Humidity controlled crispers keep fruit and vegetables fresh, while deli drawers help isolate odours. Handy storesafe™ drawers put special items safely out of reach.

Endless possibilities with FlexSpace™

Designed to suit your ever-changing needs, the extra spacious French door design delivers a wider fridge capacity with FlexSpace™. Perfect for party platters or lots of fresh food, you'll love having everything at eye level so you can easily check all the contents with just a glance.
